Leadership Success International, LLC.

Dr. Earl,

Thank you so much for presenting at our IHCA-ICAL Fall Workshop in October of this year. Your presentations were outstanding and we received rave reviews from those who attended your sessions. You were motivating, uplifting, and most importantly, gave our attendees tools they can take back to their facility to implement immediately.

I wanted to especially thank you for making your presentations interactive and fun. It is a rare speaker that can keep an audience's attention for almost five hours in two sessions in one day. You did that and made it look easy.

It was a pleasure to work with you and we can't wait to have you back. It was obvious to us as staff that you "practice what you preach". We appreciate everything you have done for us and look forward to working with you again in 2010.

Thank you very much.

Sincerely,

Robert Vande Merwe
Executive Director
