

The University of Arkansas and the Northwest Arkansas Business community had the opportunity to experience Dr. Suttle for two days!!!! Executives from area businesses (Tyson, Walmart, Sam's, Kellogg's, Proctor and Gamble) as well as administrators, faculty, staff and students from the university enjoyed this very dynamic and inspirational presenter. Dr. Earl gave us treasures and nuggets that we have *immediately* implemented, with respect to diversity recruitment and retention and leadership development. As a result and testament to his effectiveness, he has been back to the region 4 times and is scheduled for another 3. Very few people have the ability to inspire people to elevate themselves so they can be "part of the game, making a difference in this world", then Dr. Earl. We are a better organization because of what he shared with us.
